18) With a view to augmenting
the resources of the Municipality
the Chickmagur T.M. C.

have proposed (1) to increase the
rates of octroi levied on certain
articles & (2) to levy octroi
apart on certain other articles

In regard to (1), it is proposed to increase the ^{existing} rate of octon on light articles. These include tobacco & snuff, cigarettes & beads. The ~~Dr~~ proposes that there need be no enhancement of octon duty on tobacco & its products.

It is also proposed to increase the rate on bullock, cow & buffalo from one anna per head to two annas per head since

A the Act for the prohibition of cow slaughter has been passed in the State, there is no necessity to levy the octon - much less to enhance it.

Subject to the above modifications, the rate may be increased on the remaining four items to represent the present sheep & goat numbers in the country.

19) In regard to item (2) it is proposed to levy octon on seven addl articles in view of the fact that coffee, tea, matches & Petrol are subjected to Excise duty by the Govt of Madras.

6¹/₂ and B it is for consideration of the duty may be levied within as proposed under proviso that the value may not be levied on materials locally manufactured soaps

2) It may be levied on (1) Soapfruit or Soapfruit powder at one anna per man and (2) on soaps at 1/9 per cent ad valorem and (3) on steel & ironware at 1/9 per cent ad valorem. This may be clarified further by defining the term "proceeds" so as to mean all articles manufactured out of iron & steel. This would place the matter beyond the realm of doubt.

2) Points referred to at A, B & C above are for notes - reference to the

I agree with the proposals at A, B & C above, but as regards enhancement of rate on sheep & goat, I think it is better that it is not sanctioned, much as it is already being sold

 But despite of such heavy

 in the rate will mean additional

S i r,

Proposed octroi on matches at Chikmagalur

We understand from our distributors in Chikmagalur that the Municipality there have asked you to certify a proposal to levy an octroi duty of Rs 1/9/- % on the value of matches and that any objection to this proposal should be filed with your Dept.

We are trading in Chikmagalur since a very long time. The levy of an octroi duty is bound to adversely affect our trade and as manufacturers of matches with the longest unbroken record of continuous trading in Chikmagalur, we beg leave to file an objection with you

May we also mention that matches are already subjected to very heavy taxation inasmuch as more than 40% of the prices now quoted is accounted for by the Excise duty?

We therefore request you not to certify the above proposal.

We have the honour to be,

A Notification calling for objections, if any, to the proposed rates of Octroi and toll, was published in the Chikmagalur town as required by rules. In response to this Notification, a petition signed by 37 leading merchants of the town was filed before the President on 19-4-1948 with the following salient objections.-

- (1) That the enhancement of the rates of Octroi would affect the trade in the town as most of the business would take place outside the Municipal limits, thereby depriving the Municipality of its Octroi revenue.
- (2) That the rates of Octroi on Sugar and Jaggery be reduced from the existing rates.
- (3) That the levy of Octroi on Soaps and Matches be given up as it would cause inconvenience and complications in accounts both to the importers as well as to the Municipality

It is reported by the President that the above petition was placed before the Municipal Council on 4-5-1948 and that the council resolved to add the seven items noted above to the list of dutiable articles. An annual income of Rs 50,000 is anticipated, if the proposal is adopted from 1-7-1948. This Municipality has to take-up water supply scheme, under-ground drainage scheme, providing housing facilities

facilities to the poor, concretizing the main road of the town, etc. These and other important works need a heavy capital to start them.

In this connection, I invite kind reference to G.O. No. L 16121-2. N.L. 59-47-42 dated 22nd April 1948 sanctioning the enhancement of duty on certain articles in Tarikere Municipality, wherein it was observed inter alia that it is not desirable to enhance Octroi duty on Tobacco and its products and on Matches in view of the fact that a heavy duty has been imposed on these articles by the Government of India. A letter objecting to the levy of Octroi on Matches is received in this Office from the Western India Match Co., Ltd., Madras, and another letter addressed to Government is received with your Memo. No. L 17352 dated 7-6-1948 for report. Another objection petition in respect of the levy of Octroi on matches and Soaps is received in this Office from certain merchants of the town and the contentions are the following -

- (1) That this would affect the Mofussil trade of the town.
- (2) That the cost of landing these goods in Chikmagalur is more than the cost in other towns connected by rail and that the levy of octroi would further discourage the trade.

In the above circumstances, I request you kindly to obtain the sanction of Government to the proposals of the Town Municipal Council, Chikmagalur, as per their resolution dated 4-5-1948 with the following exceptions as sanctioned to the Tarikere Municipality

- (1) Enhancement of Octroi duty on Tobacco and its products,
- (2) Levy of Octroi on Matches
- (3). - do - on locally manufactured soaps.

There are no objections to the revision of the rates of toll as proposed by the Municipal Council.

Daily orders of Government may kindly be communicated to me.

I have the honour to be,
Sir,
Your most obedient servant,

G. P. Nagarajiah

O M No L 2554 2620—ML 88 48 9, DATED BANGALORE,
THE 11TH SEPTEMBER 1948

The policy that should govern the levy of octroi duty in the several Municipalities in the State especially with reference to the introduction of the sales tax from the 1st September 1948 has been under the consideration of Government for some time past. They are pleased to direct that the following principles be applied during the year 1948 49 in the consideration of the proposals for fresh levy of octroi or for enhancing the rate of the existing levy in the several kinds of Municipalities —

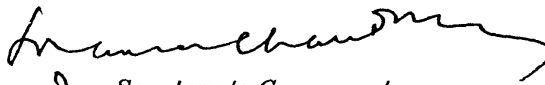

(a) So far as the City Municipalities are concerned, no octroi duty on goods or articles on which octroi duty is not being levied now will be sanctioned,

(b) Also no increase of the rate of octroi duty on any articles by any of the City Municipalities will be sanctioned,

(c) So far as Town and Minor Municipalities are concerned the question of the levy of octroi duty on new articles or of increasing the level of such duties on articles now subject to octroi duty will be considered in regard to each article and Municipality and sanctioned on merits

2 The President, Municipal Commission, Civil Station Bangalore, the Municipal Commissioners, the Deputy Commissioners of Districts and the Presidents of Town Municipalities are requested to bear the above instructions in mind while submitting proposals for the revision of the octroi duty in their respective areas

3 The entire question will again be reviewed at the time of consideration of the State Budget for 1949 50
